Barnegat Bay Festival

The seventh annual Barnegat Bay Festival will be held on Saturday, June 7, 2003 at Berkeley Island County Park. The festival is a cooperative effort of non-profit organizations and government agencies dedicated to maintaining the health and quality of the Barnegat Bay and its vast watershed covering most of Ocean County. The festival is designed to heighten environmental awareness about the natural resources of the watershed and the impact of human activities on these resources.

Open space conservation in the Pinelands compliments efforts to protect Barnegat Bay because many of the streams and rivers that flow into the bay originate in the Pinelands. The Forked River Mountain area contains the headwaters to three major tributaries of Barnegat Bay, including the Cedar Creek, Forked River and Oyster Creek. For additional information call (732) 506-5313.

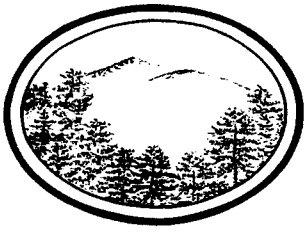

Whitesbog Blueberry Festival

The 20th annual Whitesbog Blueberry Festival will be held on Saturday, June 28, 2003.

The Blueberry Festival commemorates the cultivation of the blueberry and the birth of the blueberry industry. The festival is held at Historic Whitesbog Village, located on the outskirts of Browns Mills in Lebanon State Forest. The festival provides activities, music, food and fun for the entire family including guided tours and walks of the area.

The festival is presented by the Whitesbog Preservation Trust who are working to restore this important piece of New Jersey heritage. Oh yes and don't forget the blueberries! For more information call (609) 893-4646.
